LETTER OF RECOMMENDATION

Ref: The business activity of the company GEORGH ENGINEERING Ltd - Sofia city

DEAR SIRs,

Executive Agency Roads to the Ministry of Regional Development and Urbanplanning is in direct contact with the company GEORGH ENGINEERING Ltd when making expert evaluations, statements and technical assignments to work out a technical project for the Bulgarian part of the road tunnel at the Frontier Control Checkpoint *Ilinden* of road II -79, Gotse Delchev - Drama.

In 1998 and 1999 the company GEORGH ENGINEERING Ltd did construction-assembly works to complete the road tunnel *Praveshki Hanove*.

Our opinion is that the Company GEORGH ENGINEERING Ltd has specialists of the necessary qualification and experience in order to construct road tunnels and render consulting services connected with testing and designing road works.

The Executive Agency Roads recommends the company GEORGH ENGINEERING -TUNEL CONSULT Ltd as a correct partner whose abilities allow it to complete professionally sites of different volume and complexity and within due period as well project developments.
